Portfolio — Abstract Acrylic Paintings

I'm Serj Éty'n, a multidisciplinary, self-taught artist from French Guiana. Deeply inspired by my cultural heritage and the pressing issues of modern society, my abstract paintings serve as visual messengers, encouraging viewers to pause, reflect, and reconnect with their humanity.

Through a unique blend of powerful colors, layered textures, and symbolic shapes, I explore themes of identity, resilience, and transformation. My art seeks to spark dialogue and awaken a deeper awareness of the world we share, merging emotion, culture, and social consciousness into a singular visual language.
